Training at Your Workplace

Most Extension courses can be held at your workplace or another location convenient to you. Or we can work with you to tailor classes and training programs to meet your particular needs. The result is convenient, high-quality training, often at lower cost per participant.

Examples of topics:

- OSHA and Environmental Compliance Training
- Sustainable Development
- Geographic Information Systems
- Security and Safety
- Risk Management
- Dispute Resolution

These and many other courses listed in this catalog can be held in your workplace. All courses and programs are approved by the University of California.

Call us today, at no cost or obligation, to discuss your training needs. We look forward to seeing you at work.

For more information, call (951) 827-5804.
